Electrifying Passion. Legend of Necaxa. Presentation.

Friday, April 21, 2023 - Matchday 16 Necaxa vs Atlas
Necaxa Clubhouse – Once Hermanos Auditorium.

In the context of the 100th anniversary of the foundation of Club Necaxa, and honouring the longest roots of its history, the book presentation will take place hours before the Rayos face Atlas on Matchday 16 of the Liga MX.

Why against Atlas? The history of Necaxa recounts that, in 1921 during the Centennial Tournament, the Luz y Fuerza team played a curious and long game – a story told in the book – against Atlas de Guadalajara. In memory of that game, on August 21, 1923, William H. Frasser, the general manager of the Light and Power Company, founded Necaxa in honour of the dam located in Puebla.
